It takes hard work to make easy living. —Hubbard, Ore., Enterprise,

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN VIRGINIA, President Jefferson Davis was sworn in under the Confederate Constitution at Richmond (February 22nd). Throughout the state and all over the South, the event was toasted with foaming steins of beer.

For then, as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of Southern hospitality to any occasion. Virginians have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.
